

CONSTRUCTION WORKS NOTIFICATION – EAST WEST INTERCONNECTOR – MEATH

27th of January 2012

As promised, we are writing to you to advise you of road works to install the East West Interconnector that will be taking place in the Meath area.

The Interconnector cables will come ashore at Rush North Beach, Co. Dublin, and then continue underground to Woodland in Co. Meath.

EirGrid has liaised with Meath County Council to ensure traffic disruption is kept to a minimum.

Area:	<ol style="list-style-type: none">1) Rath Roundabout (Marriott Hotel)2) From Thursday the 2nd of February on the L22091
Times:	7am to 7pm each day.
Expected duration	7 days
Description	<ol style="list-style-type: none">1) Single Lane traffic management towards the roundabout from the Slane direction and also within the roundabout including single lane traffic management towards the Ashbourne direction.2) A full road closure commences on Thursday the 2nd of February on the Rainstown lane (L22091) from the R147 (Old N3) to the L2209 just outside Batterstown. <p>Traffic management will be in place.</p> <p>Local access can be accommodated.</p>
Project Hotline	1890 36 46 56 To receive text updates on works in the Meath area in general, text Meath to 51500.

The main contract for the Interconnector was awarded to **ABB**, who have sub-contracted the cable installation work to **VolkerInfra**, a company that has significant expertise in the installation of cables in the UK. **RNCL** will undertake the ducting work in the Meath area.

We are working closely with Meath County Council to complete this work with as little disruption as possible although we do appreciate that any project of this scale will impact day to day life in the area.
